

About Adirondack Pastel Society

The Adirondack Pastel Society was founded in Glens Falls NY in 2008 with the objective to provide exhibiting opportunities to pastel artists, educate the public, gallery owners and collectors about the merits and beauty of the soft pastel medium.

APS organizes at least one members show per year and 4 program meetings throughout the year. APS educates its members, providing them with information about pastels including techniques and opportunities.

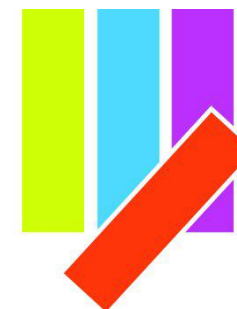

APS members are from around the Adirondack region. Many of our members have earned the national prestige of PSA, which is a national recognition by the Pastel Society of America.

The Adirondack Pastel Society has been a member of the International Association of Pastel Societies for 3 years. Several of our members have received recognition for their works on the IAPS website.

Membership is open to all who are interested in the medium of soft (dry) pastels. For additional information regarding our organization and its members please visit our website at:
