Workshop Details

Title: Learning to Paint Landscape Using Pastel

Description: In this workshop, students will learn to paint a landscape with pastels, using the students own reference photos.

The student will create a painting in their own style, while leaning about light sources and color vibrancy. They will learn about and be creating thumbnail sketches to show how to edit and block in a painting, while using a reference photo.

Joann will do a demonstration and discuss finding a focal point and a strong composition. There will be discussion about various pastels, different paper and techniques. Each student will be given individual attention as they work.

This workshop will be informative and fun!
